## Let's Make The World Dry

WORLD PROHIBITION IS IN-EVITABLE. It is only a question of time.

The Anti-Saloon League of America declares IT CAN BE DONE BY 1930.

To make good HARD WORK
MUST BE DONE—quickly, efficiently, without wasted effort.

EVERY BLOW MUST TELL.

The liquor traffic, driven from America, must not be allowed footholds in other lands.

It is on the run now, AND MUST BE KEPT ON THE RUN.

Central and South America, Europe, China and the islands of the seas are looking to us for help.

THEY MUST NOT BE DISAP-POINTED.

The National Prohibition Amendment becomes effective on January 16.

Money is the most powerful weapon of the liquor interests.

They must be fought with their own weapon.

Your financial aid and moral support is essential to success.

Let your contributions the week of January 16 mark a red letter period in the world prohibition movement.

LET'S MAKE THE FIRST WEEK OF PROHIBITION "VIC-TORY WEEK" IN THE WORLD DRIVE ON THE LIQUOR TRAF-FIC.
